Our low prices have their charms, of course. They are the power that make Macy's Macy. But they are not entirely free from drawbacks. One of the frequent difficulties we experience on their account is the incredulity they inspire in the minds of people who are not familiar with our methods. When they see rich goods here at half what some stores charge they instantly suspect our qualities are not the same. It is rather hard sometimes to convince strangers that the only difference is in price. But such is invariably the case.

in America.

Our Silk Petticoats-what's the best thing to say about them?
The values of the simpler ones are not a whit more pronounced than those of the intricate creations, with their mass of trimmings and won-

der of workmanship. We offer a Silk Petticoat at \$4.74 that is matchless for the money. And the ones at \$29.99 are relatively just as great bargains. We don't hollow out the price of one and heap it on the other. Wherever you stop -at \$4.74 or \$29.99 - or any in-between price-you'll find the element of economy equally attractive.

Women's Petticoats, made of heavy black taffeta silk, umbrella-shaped ruffle and two small ruffles, reverse hem, \$4.74. Women's Petticoats, made of heavy black taffeta silk, umbrella-shaped ruffle and three small ruffles, reverse hem, \$4.99. Women's Petticoats, made of

heavy black taffeta silk, umbrella-shaped ruffle and five small ruffles, reverse hem, \$5.00. Women's Petticoats, made of colored taffeta silk, finished with accordion plaiting, \$4.99.

Women's Petticoats, made of black and white striped taffeta silk, umbrella-shaped ruffle, two small ruffles and reverse hem, \$4.99.

Women's Petticoats, made of black and white striped taffeta silk, umbrella-shaped ruffle and three small ruffles, reverse hem, \$5.49.

Women's Petticoats, made of black and white striped taffeta silk, umbrella - shaped ruffle, five small ruffles, reverse hem, \$6.24.

Better qualities at prices relatively as cheap, ranging up to \$29.99.

Men's Ties at 44c.

Here's another item that may not tempt extravagant, careless moneyspenders, but it is sure to appeal to hundreds who follow the solid American notion of getting the most for

Reversible Four-in-Hand, Bat's Wing and English Club Ties-made of iridescent, changeable silk, having ends finished with striking borders in contrasting colors.

Men's Easter

74c. instead of \$1.00. 94c. instead of \$1.50.

No man may care to disdain the demands of dress to the extent of wearing a frayed or faded Scart on Easter morning. Even if the day does dawn too

early this season to don a Spring suit, there is no weather condition that can deny you indulging in the bit of color that a rich Scarf diffuses. To meet the ideas of men who are both tasteful and frugal we have imported some really brilliant Silk Neckwear -- the exact styles and qualities that are selling elsewhere at \$1.00 and \$1.50; our prices 74c. and 94c. Interesting only to those who feel the need of or derive pleasure in practising economy.

Men's \$1.50 Shirts at 94c.

Men's Spring Shirts are ready. We mark the opening season in a very practical and business-like way. It consists in urging all who are still ignorant concerning our celebrated 94c. Shirts to come and learn of their goodness by personal examination. They are made of the best percales in our own factory - open front and back, two pair detached cuffs-all sizes - 14 to 18. Every observant, well-informed man knows that popular favor, convolled by the arbitrary fancies of stylesetters, is falling away from stripes and plaids. The especially cherished effects are small dots and neat figures on small grounds. They are the prominent patterns among these Shirts.

We guarantee that no Shirt in America made to retail at \$1.50 is equal to ours at 94c. The whole strength of our organization has been devoted to the production of a better garment under one dollar than other manufacturers make and force retailers to sell at one dollar and fifty cents. Our purpose is fully realized in these 94c Shirts. Do you grasp the difference?

The following is worth investigating—if you need a Prince Albert. Recently an advertiser indulged in some very fine phrases of self-laudation concerning their Prince Albert Coats-and-Vests at \$20.00 and \$25.00. We know the garments merit all that was said of them. We know, because we have a large stock of them made of the same materials -soft-finished black Thibet-by the same manufacturer. But we sell them at \$16.98 and \$21.98 instead of \$20.00 and \$25.00.
